SUBJECT INDEX TO VOLUME 121

"African lymphoma syndrome"
occurrence in Baltimore, Md. (Wilkinson et al), 21
Air filtration
in the treatment of allergenic rhinitis (Drug letter), 49
Allergic rhinitis
treatment of (Drug letter), 49
Amylase
elevation of serum amylase with strangulated small bowel obstruction (CPC), 65
Anatomic studies of hearts containing caged-ball prosthetic valves (TCM), 271
Androgens
secretion of by normal, polycystic and neoplastic ovaries (Rivarola et al), 82
Anemia (CPC), 217
Angiosarcoma
spleen (CPC), 217
Anticholinergics
in treatment of allergic rhinitis (Drug letter), 49
Antihistamines
in treatment of season allergic rhinitis (Drug letter), 49
Arrhythmias
diagnosis of (Marshall, R. M.), 263
Arteritis
polymyalgia rheumatica (Bell & Klinefelter), 175
Arthritis, acute
gout (Drug letter), 361
polymyalgia rheumatica (Bell & Klinefelter), 175
Auditory cortex
mouse (Woolsey, T. A.), 91

Bile ducts
obstruction by pancreatic carcinoma (CPC), 370
Blood vessels
pulmonary tumor emboli (CPC), 430
Bone marrow function
and iron metabolism in man (Sensenbrenner & Owens, Jr.), 162
Brain damage
associated with hypercalcemia (Ehrhardt & Money), 14

Calcium disorder
family study of psychologic functioning (Ehrhardt & Money), 14
Cardiac arrhythmias
use of esophageal lead in diagnosis (Marshall, R. M.), 263
Carcinoma
bronchogenic (Baker, R. R.), 401
hepatocellular (CPC), 430
pancreas (CPC), 370
prostate (CPC), 370
radiation therapy (Baker & Lott), 153
squamous cell (Baker & Lott), 153
stomach (CPC), 296
surgical management (Baker & Lott), 153
symptomatology (Baker & Lott), 153
thoracic esophagus (Baker & Lott), 153
Cells and serum proteins
in exudates (Sheldon et al), 113
Cerebral cortex
mouse (Woolsey, T. A.), 91
Chemotherapy
in Hodgkin's disease (TCM), 136
in lymphoma (TCM), 136
in lymphosarcoma (TCM), 136
in reticulum cell sarcoma (TCM), 136
of gout (Drug letter), 361
Chromatography
abnormal pattern of γ-globulin in acute rheumatoid arthritis (Fidalgo et al), 73
Ciliary-mucous rates
in human nose (Bang et al), 38
Circulation
staphylococcal infection (Robson & Cluff), 246
Clinicopathologic conferences (CPC), 65, 141, 217, 296, 370, 430
Complications of cardiac valve replacement
arrhythmias (TCM), 271
atrial thrombi (TCM), 271
bleeding (TCM), 271
congestive cardiac failure (TCM), 271
degeneration of the prosthetic ball (TCM), 271
fistulae around prosthetic valve rings (TCM), 271
hypoprothrombinemia (TCM), 271
infection (TCM), 271
intimal proliferation in aortic root and proximal coronary arteries (TCM), 271
myocardial infarction (TCM), 271
prosthetic ball variance (TCM), 271
prosthetic dysfunction (TCM), 271
prosthetic valve infection (TCM), 271
prosthetic valve thrombi (TCM), 271
pulmonary complications (TCM), 271
secondary endocardial fibroelastosis following mitral valve replacement (TCM), 271
staphylococcal endocarditis (TCM), 271
sudden death (TCM), 271
traumatic intravascular hemolysis (TCM), 271
uncorrected valve lesion (TCM), 271

Cortical receiving areas
mouse (Woolsey, T. A.), 91
Corticosteroid treatment
systemic steroids in allergic rhinitis (Drug letter), 49
Cyclophosphamide
in treatment of lymphoma (TCM), 136
in treatment of lymphosarcoma (TCM), 136
Cytoarchitectonics
mouse cortex (Woolsey, T. A.), 91

Depression
and ECT; psychoendocrine aspects of (Clower & Migeon), 227
Diuretic therapy
complication (TCM), 194
Down's syndrome (Freytag & Lindenberg), 379
Drug letters, 49, 54, 89, 134, 361

Electroconvulsive therapy (ECT)
psychoendocrine aspects of depression (Clower & Migeon), 227
Electronmicroscope
method for direct observation of polysaccharide aggregates (Becker & Milch), 234
Endocrine
psychoendocrine aspects of depression and ECT (Clower & Migeon), 227
Erythropoiesis (Sensenbrenner & Owens, Jr.), 162
Esophageal lead
use in cardiac arrhythmias (Marshall, R. M.), 263
Esophagus
carcinoma of the thoracic (Baker & Lott), 153
Ethacrynic acid (TCM), 194
Evoked potentials
mouse (Woolsey, T. A.), 91
Exudates, collection of
in chamber adhered over skin wounds of rabbits (Sheldon et al), 113

Furosemide (TCM), 194

Gamma globulin
abnormal chromatographic pattern of (Fidalgo et al), 73
Glucose absorption
differential effects of sodium, lithium and potassium on (Rosensweig & Hendrix), 412
Glomerulonephritis
experimental (Germuth, Jr. & Pollack), 254
Gout
arthritis, acute (Drug letter), 361
chemotherapy of (Drug letter), 361
hyperuricemia (Drug letter), 361
Graft versus host disease (Haller & Rodgers), 393

Heart
anatomic studies of hearts containing caged-ball prosthetic valves (TCM), 271
arrhythmias (Marshall, R. M.), 263
esophageal lead (Marshall, R. M.), 263
myocardial infarction (TCM), 412
papillary muscle dysfunction (Marshall, R. M.), 263
paroxysmal atrial tachycardia (Marshall, R. M.), 263
prosthetic cardiac valve (TCM), 271
Starr-Edwards valve (TCM), 271
tachycardia (Marshall, R. M.), 263
ventricular esophageal lead as aid in diagnosis (Marshall, R. M.), 263
Hepatitis, viral
immunization in infants and children (Stokes, J., Jr.), 305
Heredity
in hypercalcemia (Ehrhardt & Money), 14
Hodgkin's disease
chemotherapy of (TCM), 136
Homograft
antigens, effect of graft-survival and runt disease in mice (Haller & Rodgers), 393
tolerance, effect of repeated injections of strong cell-free histocompatibility antigens on graft survival and runt disease in mice (Haller & Rodgers), 393
Hydrocephalus, hypertensive
etiology undetermined (Freytag & Lindenberg), 379
with development disorders (Freytag & Lindenberg), 379
Hydroxyurea
single intravenous infusions in chronic myeloid leukemia (Fishbein, W. N.), 1
Hypercalcemia
family study of psychologic functioning (Ehrhardt & Money), 14
Hyperpolarization
insulin-induced of skeletal muscle from normal and from hypophysectomized rats (Hazlewood & Zierler), 188
Hypersensitivity (Germuth, Jr., & Pollack), 254
Hyperuricemia
its treatment and its complications (Drug letter), 361
Hyponatremia (TCM), 194
Hypophysectomy
in rats (Hazelwood & Zierler), 188

Immune complex disease
granulomatous manifestations (Germuth, Jr. & Pollack), 254
Immunization
in infants and children with viral hepatitis (Stokes, J., Jr.), 305

Immunization—*continued*
in measles (Stokes, J., Jr.), 305
in mumps (Stokes, J., Jr.), 305
in rubella (Stokes, J., Jr.), 305
Incidence and implications of lactase deficiency in white and negro populations (TCM), 54
Infection
bacterial, enhancement by meconium (Bryan, C, S.), 9
intravenous catheter (Drug letter), 134
meconium aspiration pneumonia (Bryan, C. S.), 9
staphylococcal, experimental (Robson & Cluff), 246
Intestine
anastomosis, everting (Ravitch et al), 343
anastomosis, inverting (Ravitch et al), 343
healing (Ravitch et al), 343
obstruction (CPC), 65
suture (Ravitch et al), 343
Iron metabolism (Sensenbrenner & Owens, Jr.), 162
Isoenzymes
trypsin (Miller, Jr., et al), 329
Isosorbide (TCM), 194
Insulin
induced hyperpolarization of skeletal muscle from normal and from hypophysectomized rats (Hazlewood & Zierler), 188

Jaundice
obstructive (CPC), 370

Kidney
quantitative evaluation of cellularity and length of proximal convoluted tubules in the kidney of acute tubular necrosis (Caller & Garcia-Caceres), 333

Lactase deficiency
in white and negro populations (TCM), 54
Leprosy
effects on nasal mucociliary rate (Bang et al), 38
Leukemia, chronic myeloid
excretion and hematologic effects of single intravenous hydroxyurea infusions in (Fishbein, W. N.), 1
Leukopenia
following intravenous hydroxyurea infusions (Fishbein, W. N.), 1
Lithium
influence on sugar and water absorption (Rosensweig & Hendrix), 412
Liver
cirrhosis with tuberculous peritonitis (CPC), 141
hepatoma (CPC), 430
Lung
tumor emboli (CPC), 430
Lymphoma
Burkitt's (Wilkinson et al), 21
chemotherapy in (TCM), 136
childhood (Wilkinson et al), 21
chronic myeloid leukemia (Fishbeing, W. N.), 1
occurrence of "African lymphoma syndrome" in Baltimore, Md. (Wilkinson et al), 21
Lymphosarcoma
chemotherapy of (TCM), 136

Measles
studies on active immunization (Stokes, J., Jr.), 314
Mechlorethamine (nitrogen mustard)
effects on bone marrow function and iron metabolism in man (Sensenbrenner & Owens), 162
Meconium
aspiration pneumonia (Bryan, C. S.), 9
bacterial infection (Bryan, C. S.), 9
peritonitis (Bryan, C. S.), 9
Medullary sodium gradient and diuretic therapy (TCM), 194
Membrane potential (Hazlewood & Zierler), 188
Mental retardation
family study of psychologic functioning in hypercalcemia (Ehrhardt & Money), 14
Metabolic disorder
in hypercalcemia (Ehrhardt & Money), 14
Methemoglobinemia
following intravenous hydroxyurea infusions (Fishbein, W. N.), 1
Mucociliary rates
in human nose (Bang et al), 38
Mouse
sensory areas of cortex, S 1, S 11, (Sm 1, Sm 11) (Woolsey, T. A.), 91
Mumps
active immunization (Stokes, J., Jr.), 314
Muscle, skeletal
insulin-induced hyperpolarization of (Hazlewood & Zierler), 188
Myocardial infarction
pathogenesis and treatment of shock (TCM), 421

Nasal mucus flow (Bang et al), 38
Neurocognitional deficit
in hypercalcemia (Ehrhardt & Money), 14
Neuropathologic findings
in mentally deficient patients. A survey of 359 cases (Freytag & Lindenberg), 379
Neuropsychology
family study of psychologic functioning in hypercalcemia (Ehrhardt & Money), 14
Neurotoxicity
in rodents (Uy et al), 349

Osmotic diuresis (TCM), 194
Ovary
secretion of androgens by normal, polycystic and neoplastic (Rivarola et al), 82

Pancreatitis
simulated by strangulated small bowel obstruction (CPC), 65
Paroxysmal atrial tachycardia (PAT) with block differentiation from atrial flutter with esophageal lead (Marshall, R. M.), 263
Pattern of organization
somatic sensory area 1, mouse (Woolsey, T. A.), 91
somatic sensory area 11, mouse (Woolsey, T. A.), 91
Pathogenesis and treatment of shock in myocardial infarction (TCM), 421
Peritonitis
bile (CPC), 370
experimental (Ravitch et al), 343
tuberculous (CPC), 141
Polyethylene film
intestinal wrapping (Ravitch et al), 343
Polysaccharide
method for direct observation of aggregates in the electronmicroscope (Becker & Milch), 234
Post-transfusion thrombocytopenic purpura (TCM), 365
Potassium (Hazlewood & Zierler), 188
depletion (TCM), 194
influence on sugar and water absorption (Rosensweig & Hendrix), 412
Prosthetic cardiac valve (TCM), 271
Pulmonary edema
diuretics in (TCM), 194

Radiation therapy
in bronchogenic carcinoma (Baker, R. R.), 401
in carcinoma of thoracic esophagus (Baker & Lott), 153
in esophageal carcinoma (Baker & Lott), 153
Rats
insulin-induced hyperpolarization of skeletal muscle from normal and from hypophysectomized rats (Hazlewood & Zierler), 188
Recent advances in chemotherapy of lymphoma (TCM), 136
Relationship between sugar and water absorption (Rosensweig & Hendrix),
Renal disease
tubular alterations (Caller & Garcia-Caceres), 333
tubular necrosis, acute (Caller & Garcia-Caceres), 333
Rheumatism
polymyalgia rheumatica (Bell & Klinefelter), 175
Rheumatoid arthritis, acute
abnormal chromatographic pattern of γ-globulin (Fidalgo et al), 73
Reproperitoneal fibrosis (CPC), 296
Rubella
studies on active immunization (Stokes, J., Jr.), 314
Runt disease
in mice (Haller & Rodgers), 393

Sarcoma
reticulum cell (TCM), 136
Sensory areas
mouse (Woolsey, T. A.), 91
Serum
protein and cellular constituents of inflammatory lesions (Sheldon et al), 113
sickness, experimental (Germuth, Jr., & Pollack), 254
Shock
pathogenesis and treatment in myocardial infarction (TCM), 421
Sodium
acute and chronic depletion (TCM), 194
influence on sugar and water absorption (Rosensweig & Hendrix), 412
Spleen
angiosarcoma (CPC), 217
Staphylococcus
circulatory studies in experimental staphylococcal infection (Robson & Cluff), 246
Starr-Edwards valve (TCM), 271
Stein-Leventhal
syndrome (Rivarola et al), 82
Studies
circulatory, in experimental staphylococcal infection (Robson & Cluff), 246
Surgical management
of esophageal carcinoma (Baker & Lott), 153
Suture
mechanical (staples) (Ravitch et al), 343
A Symposium. Uses and complications of diuretic therapy (TCM), 194
Symptomatology
of esophageal carcinoma (Baker & Lott), 153

Tachycardia
paroxysmal atrial (PAT) with block (Marshall, R. M.), 263
differentiation from atrial flutter with esophageal lead (Marshall, R. M.), 263
ventricular, esophageal lead as aid in diagnosis (Marshall, R. M.), 263

Thayer lectures
Immunization in infants and children with particular reference to viral hepatitis (I)
Studies on active immunization in measles, mumps and rubella (II) (Stokes, J., Jr.), 305
Thrombocytopenic purpura
post-transfusion (TCM), 365
Topical steroids
in treatment of allergic rhinitis (Drug letter), 49
Topics in clinical medicine (TCM), 54, 136, 194, 271, 365, 421
Trypsin
isoenzymes (Miller, Jr., et al), 329
Tuberculosis
peritonitis (CPC), 141

Vasoconstrictors
in treatment of allergic rhinitis (Drug letter), 49
Ventricular tachycardia
esophageal lead as aid in diagnosis (Marshall, R. M.), 263
Vincristine
in treatment of lymphoma, lymphosarcoma and reticulum cell sarcoma (TCM), 136
neurotoxicity in rodents (Uy et al), 349
Visual cortex
mouse (Woolsey, T. A.), 91

Woolsey, T. A.: Somatosensory, auditory and visual cortical areas of the mouse, 91

Xylose absorption
differential effects of sodium, lithium and potassium on (Rosensweig & Hendrix), 412
